

WKS SPECIAL

The Contest for the 20m Two-Seaters

The staff of the Wasserkuppe, one of the most renowned gliding fields of the world, are firmly resolved to revive the tradition of the International Rhoen Gliding Competitions, which were held there in the nineteen-thirties.

On the occasion of the eightieth anniversary of the Gliding School Wasserkuppe they will invite entries for an International Gliding Competition in the 20m Two-Seater Class, which will be repeated every year.

Situated in the centre of Europe, the Wasserkuppe offers perfect conditions: flights are possible across the Thuringian Forest and the adjacent hills into Poland, the Czech Republic or Austria. In addition, tasks to the Swabian Alb and the Black Forest are also absolutely feasible.

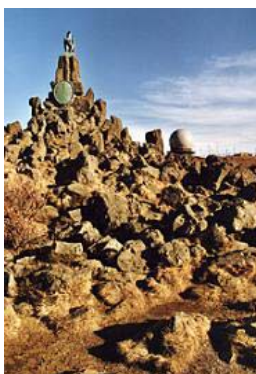

We decided on two-seater sailplanes because they are particularly suited for real fun contests. The rules will allow a change of the crew on both seats from day to day, a great chance

for clubs, which meanwhile own many two-seater 20m sailplanes.

Gliding contests which offer good sport by reason of professional organization and which promise eventful gliding holidays by their perfect surroundings are becoming increasingly popular. The Wasserkuppe in the midst of the “biosphere Rhoen”, recognised by UNESCO, meets all requirements for winning many new friends.

Last but not least, a visit to the German gliding and Model Aircraft Museum or a walk to the glider pilots' monument are unique attractions. Every glider pilot should visit these “cult sites” of international gliding at least once in his life!

The contest will be held from August 10 to August 18, (opening briefing on August 9, 21:00 hrs, prize giving on August 18, 20:00 hrs).

The costs will be moderate, the entry fee will be only 135 € per glider.

The team gliding school Wasserkuppe/Segelflugszene will be glad to welcome you on the Wasserkuppe next August.

Further information and entry forms can be found under www.segelflugszene.de/wks.html
